(1)

① Find any 3 security aspects of the google account.

Objective- A google account is the key to accessing all of google's products and services, many of which are free. Signing up for a google account is a quick process, but need to give out some personal information.

Security aspects are:-

a) Create a Google Account to access too many google products.

Step 1- Go to the official site of Google account for sign in.

Step 2- Click on Create Account and click on to create your google account by filling details.

Raviky

(2)

Step 3 - Create Password for your account.

Step 4 - Account Created successfully.

My email Id is shakun.satika42@gmail.com

(b) change your Google account Password.  
few things to remember before changing the  
Current password:

1. Password should be unique.
2. Password should have special characters.
