

Name:- Ayush Godiyal , Roll No:- 1121033

Answer(1):- Problem Statement:- Analyze the security aspects of your Google account

Objective:- A Google Account is the key to accessing all of Google's product and services, many of which are free. Signing up for a Google Account is a quick process, but need to give out some personal information. So the main objective is to control the information for Google account holder.

ACTIVITY (A) Create a Google Account to access to many Google products.

STEP 1: Go to the official site of Google account for sign in.

STEP 2:- Click on Create Account and create your google account by filling necessary details.

STEP 3:- Create password for your account

STEP 4: Account Created successfully

My email id is ayushgadiyal2019@gmail.com

(B) Change your Google Account Password.

(1) Open your Google Account. You might need to sign in.

(2) Under "Security", select Signing in to Google

(3) Choose password. You might need to sign in again

(4) Enter your new password, then select Change Password

few things to remember before changing the current password:

Password should be unique:-

Password should ~~be~~ have special character.

(C) Check Google Privacy Policies.

You can take a Privacy Checkup and choose the setting that are right for you.

- \* Automatically delete Web and App Activity
